

**Cuirimís tionscail i gcroílár thodhchaí an AE!**  
**iarratas comhpháirteach ar na hiarrthóirí don toghchán Eorpach 2019**

**TÁ AN TIONSCLÁÍOCHT TÁBHACHTACH DON EORAIP AGUS DÁ CUID SAORÁNACH**

Tá na tionscail Eorpach le tabhairt faoi deara ar gach gné dár saol laethúil, cuir i gcás na tithe a thógaimid, an troscán a cheannaímid, na héadaí a chaithimid, an bia a ithimid, an cúram sláinte a thugtar dúinn, an fuinneamh agus na modhanna taistil a úsáidimid mar aon leis na rudaí agus tárgí a bhíonn in úsáid againn d'acht is d'áirithe.

Ós rud é go bhfuil lucht saothair oilte aici agus clú domhanda uirthi i dtaca le cáilíocht agus inbhuanaitheacht, tá tábhacht thar na bearta ag an tionsclaíocht don Eoraip ionas go mbeidh rath uirthi. Sa lá atá inniu ann tá 52 mhilliún duine fud fad na hEorpa mar aon lena dteaghlaigh a dtéann an fhostaíocht atá ar fáil in earnálacha na tionsclaíochta chun tairbhe dóibh go díreach nó go hindíreach. Tá rath agus bláth ar ár slabhraí soláthair, atá comhdhéanta de na céadta mílte FBManna agus soláthraithe móra, agus a bhú leis sin tá barr fheabhas na tionsclaíochta Eorpaí á easpórtáil ar fud an domhain mhóir.

**TÁ GÁ AG TIONSCAIL DUIT!**

Cailleadh na milliún post monaraíochta san Eoraip de dheasca na géarchéime airgeadais in 2008, agus lean mór-iarmhaintí daonna agus sóisialta gach cailliúint díobh sin. Níor éirigh linn na leibhéal fostáiochta a bhí ann roimh an ngéarchéim a shroicheadh go fóill, ná baol air, agus tá poist i gcontúirt inniu i ngeall ar threochtaí idirnáisiúnta ar údar imní iad, ina measc an claonadh i leith na caomhnaitheachta, atá ag dul i méid.

Tá straitéis uaillmhianach tionsclaíochta de dhíth ar an Aontas Eorpach a chuideoidh leis dul in iomaíocht le réigiún dhomhanda eile (mar shampla an tSín, an India agus SAM) a bhfuil an tionsclaíocht curtha acu cheana féin ar bharr a gcláir oibre pholaitiúil.

**Dá bhrí sin, táimid earnála tionsclaíochta ó gach brainse, ag glaoch ort – iarrathóir mar bhaill do Pharlaimint na hEorpa — dearbhú inniu:**

- An tionscal a chur ar bharr chlár oibre polaitiúil Pharlaimint na hEorpa sa chéad tréimhse institiúideach eile (2019-2024)
- Lachall ar an gcéad Choimisiún Eorpach eile tionscal a chur ar ghearrliosta a chlár oibre 5 mbliana agus Leas-Uachtaráin ar leith a cheapadh don Thionscal
- Seasamh le cinneadh an chéad Choimisiún Eorpach eile straitéis thionsclaíoch fhadtéarmach, le táscairí soiléire agus rialachas, a thabhairt chun cinn.

Táimid, sínitheoirí an forógra seo, ag brath ar thacaíocht a fháil uait lena chinntiú go leanfaidh an Eoraip de bheith ina mol tionsclaíochta agus gur tionsclaíocht cheannasach, chliste, nuálach, inbhuanaithe a bheidh i gceist i gcónaí, rud a rachaidh chun sochair do mhuintir uile na hEorpa agus do na glúine atá le teacht.

Tá an Eoraip bródúil as a dtionscail. Ní mór dúinn dul i gcomhar le chéile le bheith i gcroílár an Aontais Eorpaigh!

**Let's put industry at the core of the EU's future!**

**A joint call to the candidates for the 2019 European Elections**

**INDUSTRY MATTERS FOR EUROPE AND ITS CITIZENS**

European industry is everywhere in our daily life: from the houses we build, the furniture we buy, the clothes we wear, the food we eat, the healthcare we receive, the energy and means of transport we use to the objects and products ever-present in our lives.

With its skilled workforce and its global reputation for quality and sustainability, industry is vital for Europe and its prosperity. Today, 52 million people and their families throughout Europe benefit directly and indirectly from employment in industrial sectors. Our supply chains, made up of hundreds of thousands of innovative SMEs and larger suppliers, are thriving and exporting European industrial excellence all over the world.

**INDUSTRY NEEDS YOU!**

Following the 2008 financial crisis, millions of manufacturing jobs were lost in Europe, each time bringing dramatic human and social consequences. Even now, we are still far from the employment levels seen before the crisis and jobs are vulnerable to worrying international trends, including increasing protectionism.

The European Union now needs an ambitious industrial strategy to help compete with other global regions – such as China, India and the USA – that have already put industry at the very top of their political agenda.

**Therefore we, industrial sectors from all branches, call on you – future Members of the European Parliament – to commit today to:**

- Put industry at the top of the political agenda of the European Parliament during the next institutional cycle (2019-2024)
- Urge the next European Commission to shortlist industry as a top priority of its 5-year Work Programme and appoint a dedicated Vice-President for Industry
- Uphold the next European Commission to swiftly present an ambitious long-term EU industrial strategy which shall include clear indicators and governance.

We, the Signatories of this Manifesto, count on your support to make sure that Europe remains a hub for a leading, smart, innovative and sustainable industry, that benefits all Europeans and future generations.

Europe can be proud of its industry. Together we must put it at the core of the EU's future!
